Exercise 2:
Thinking about place
Transforming sketch maps to
digital data

Defining Place

- Cognitive mapping
  - Sketch maps
- Data development
  - Data content: what data are you collecting?
 - Data type: points, lines, polygons?
  - Attribute information

Activity: Sketch Mapping

- Evaluate geographic knowledge
- Draw a map of your 5 favorite places in Cusco
- Detail is essential
- Class discussion on sketch map

Determining the legend:
- Symbols
- Colors
- What to map?

Orient map: direction arrows
Identifying key landmarks: Rivers, mountains, villages, roads, water points
